

MEMORANDUM FOR: Director, FMSAC
Director, OCS
Director, OEL
Director, ORD
Director, OSA
Director, OSI
Director, OSP

SUBJECT: Intelligence Engineering Systems
Analysis Course

A subject of continuing interest to the Directorate has been that of improving our internal staff skills in systems engineering, and under the sponsorship of ORD we are initiating a series of seminar sessions on the subject, patterned after the pilot series held last year. The attached OTR announcement gives details about the course. You are invited to examine the topical areas presented and to consider the course for some of your technical officers.

Donald H. Steininger
Assistant Deputy Director
for
Science and Technology
